About us

We are DEEP TALES, an ambitious and fast-growing music label in Berlin.

It is our passion to find and deliver deep & melodic auditive journeys to our listeners, characterized by sonorous atmospheres, driving bass lines and vibrant percussions, enchanting all senses.

Apart from releasing high quality music, we also work tirelessly to create a steady stream of physical events all around Germany and Europe.

We head towards fulfilling our vision through finding talented & passionate producers, established as well as aspiring uprising ones, as well as putting a focus on a professional and exceptional service. This is key to our success and we don't compromise when it comes to striving for an intimate relationship with all our artists, bolstering their success, while continuously growing as a label.

Our artist roster currently includes the following artists:

Anton Allure | Cosmic Minds | Daniel Vilchez | Davidee | Eleven of July | Eric Rose | Greg Nox | Intaktogene | INESSA | KAMADEV | Othertune | Sundra | Starkato | Thies Dry | Till Antonio | TIMLER | Veeco | Voltaire (UK) | Zy Khan

Our releases have so far been supported by artists such as Darin Epsilon, Massano, Super Flu, Blond:ish, Philipp Wolf, Baime, Lian Gold & many more.

What we're looking for

While we firmly believe in working remotely, personal interaction is essential in this line of work and we're explicitly looking for someone who is **living in Berlin**.

Due to the increasing complexity of a growing label and our dedication to be as professional as possible, we are looking for somebody to help us with

- CI / Branding
- Artwork Cover Design
- Event Cover Design
- Social Media Content
- Merch Design
- Dynamic content creation (gifs, videos, animations, etc.)

We expect you to be passionate about electronic music and enjoy working in this community; ideally you already have **experience in the industry**. Experience with **music marketing and promotion** is also a great plus.

Additionally, we are looking for the following:

- You're available at least 5h / week
- Your strong suit is teamwork, yet you also have the ability to work individually on your projects & tasks in an efficient and process-oriented way
- You're driven & passionate to continuously learn and improve your workflow

What we can offer

Unfortunately, we are not yet in a position to remunerate you financially, yet we are firm believers in a fair & equitable work relationship! As soon as we'll have the funds to do so, we'll of course be able to offer compensation as well.

What we can offer is the following:

- Deep insights into the inner workings of a modern label & the music industry

- Access to a network of experienced event organizers, artists, promoters, label managers, etc.
- Hands-on experience in a fast-growing label
- Focus on continued improvement of workflows and processes
